Fax (973) 839-8132

March 17, 2020

Dear Pompton Lakes Residents:

I regret to inform you that we have been informed by Passaic County Health Officials of the first confirmed positive COVID-19 test of a Pompton Lakes resident.

The resident is a 46-year old male and his test was confirmed at St. Joseph Regional Hospital.

We remain in constant contact with the Director of the County Health Department and our Borough Health Officer and will release additional information as it is provided and permitted to be released.

We must all be vigilant together in following the recommendations of Public Health Officials when it comes to social distancing, hand washing, covering coughs and sneezes and disinfecting common areas. Non-essential travel should be curtailed and we should all stay at our homes as much as possible.

Should you exhibit any symptoms of illness, consult your personal doctor to discuss treatment options.

We have issued a local state of emergency that included restrictions. Please review our town website at www.pomptonlakes-nj.gov for updates and restrictions.

I ask everyone to please be patient as we continue to work to provide accurate information to the public. Stay well and we will all get through this pandemic together.

Sincerely,

Michael Serra
Mayor
